

## **HISTORIC PRESERVATION SPECIALIST**

### **THE POSITION**

Are you interested in joining a pro-active and dedicated team of preservationists, historians, and archeologists? If you have the experience and training to be a **Historic Preservation Specialist**, we have the job for you!

### **DESCRIPTION OF WORK**

The Pennsylvania State Historic Preservation Office (PA SHPO) is seeking a Historic Preservation Specialist to work between disciplines and advance SHPO priorities. This position is ideal for a detail oriented and flexible preservation professional with a knowledge of state historic preservation programs.

Responsibilities include assisting the PA SHPO launch a new data management system called PA-SHARE; manage PA-SHARE's queue of incoming submissions; complete determinations of eligibility for the National Register; provide customer service to PA-SHARE users; and ensure data accuracy.

Read the complete [position description](#) for more information.

### **REQUIRED EXPERIENCE, TRAINING & ELIGIBILITY**

Two or more years of experience working on an architectural survey, an architectural restoration and preservation project or program, and a bachelor's degree in architectural history, American history, art history or course work in Pennsylvania history; or

Any equivalent combination of experience and training.

### **PREFERRED QUALIFICATION:**

Meet the Secretary of the Interior's Professional Qualification Standards, published in the Code of Federal Regulations, 36 CFR Part 61.
