

DESIGN STAFF (LEVEL 1)

Architexas – Architecture, Planning and Historic Preservation, Inc. is a mid-size architectural firm with offices in Dallas and Austin that provides architecture, planning and urban design services, and is recognized nationally for award-winning preservation projects.

Architexas Austin is seeking a full-time Architectural Intern, beginning immediately, with the following qualifications:

- Professional degree in architecture; advanced degree or strong interest in historic preservation is a plus.
- 1-3 years of experience working in an architectural firm.
- Proficiency using Revit and AutoCAD 2015 or higher for drawing and drafting is required.
- Competence in Sketch-up, Adobe Creative Suite, InDesign, MS Office and MS Project is a plus.
- Experience in HABS documentation or converting measured field drawings into CAD drawings is a plus. Good hand drafting/drawing skills for legibility of field survey work.
- Good writing/communication skills.
- Conscientious, detail oriented, a desire to learn and take on new responsibilities.
- Must be willing to accompany project manager(s) on site visits; some travel may be required.
- Available for full time employment.

Please include a letter of interest, resume and sample projects from portfolio on paper, CD or web links.

Salary will be commensurate with experience and qualifications.

Send qualifications to the attention of Stan Graves:
