

SHPO Career Opportunities

The Nevada SHPO has stable funding, new leadership, and is expanding. We are seeking experienced and inspired individuals who are willing to join a positive and forward-looking team, as we implement new processes and perspectives. The following permanent, full-time positions are in Carson City, Nevada within the beautiful Reno-Tahoe region:

Historic Preservation Specialist 2 – Architectural Historian (R&C technical reviewer)

This SOI-qualified Architectural Historian's primary responsibility will be architectural review in the Review and Compliance program for federal and state undertakings. This position will provide advice and technical assistance regarding the treatment of the historic built environment including landscapes. This position will also review Federal Historic Preservation Tax Incentives projects.

Salary EE/ER Plan \$64,414.80 to \$95,630.40

Historic Preservation Specialist 2 – Archaeologist (R&C technical reviewer)

Our office is expanding its Review and Compliance program with a newly funded position. This SOI-qualified Archaeologist will consult with agencies under federal and state laws, provide technical assistance to various entities, and engage both public and professional communities on preservation issues. In that role, the reviewer will independently assess undertakings and convey preservation principles and standards. The position offers a unique opportunity to leverage one's full archaeological experience while contributing directly to critical preservation decisions.

Salary EE/ER Plan \$64,414.80 to \$95,630.40
